CONGRESSIONAL RECORD VOTE CORRECTIONS

The following corrections in official reports of the outcome of roll-call votes during the second session of the 91st Congress have been listed in the *Congressional Record*.

The lists are subdivided into "Vote Corrections" and "Stand or Announcement Changes." The former involve adjustment of the "Yeas" and "Nays" in the breakdown on Congressional Quarterly roll-call charts; the latter do not affect the breakdown.

The *Congressional Record* roll-call corrections listed below were inserted in the *Record* too late for CQ to include on current Weekly Report vote charts; Weekly Report pages where these votes may be found are indi-

cated so that you may bring your Weekly Report file into conformance with the *Record*.

Symbols used in these vote corrections:

Y -- Yea
N -- Nay
A -- Absent
AN -- Announced Against
PY -- Paired For
PN -- Paired Against
AY -- Announced For

In correcting CQ vote charts, see key on chart for appropriate symbols.

Congressional Quarterly Service

THE WEEKLY REPORT

The Weekly Report digests and analyzes current activity in Congress and politics for newsmen, researchers and other clients. It is mailed every Friday night. Page size 8 1/2 x 11". Presidential texts, lobby data and all Congressional roll-call votes are among its regular features. Periodic supplements are issued to provide a current cumulative index to all subjects covered.

THE ALMANAC

Published early in the year and covering the previous calendar year, the Almanac distills, reorganizes and cross-indexes Weekly Report coverage of the full year in Congress, politics and lobbying for permanent reference. The 1969 Almanac: 1,552 pages including index.
